Hello and welcome to Limitless Festival 2020... sort of!

Yes, we were all looking forward to hanging out with thousands of others in a field near Stafford, and yes, we're gutted that we're not there too.... BUT, we believe in a LIMITLESS God! He is not limited by our location today, he is not limited by the number of people that can gather in one room, and he is most certainly not limited by coronavirus!

And so we are here, connecting online, together in spirit if not in person. But God is not limited by our limitations! He is still able to move in power in our lives, whether we gather around big screens, tablets or phones. He is still able to speak, to heal, and to transform.

And so we come with our hearts ready and our attention on him. That, by the way, is going to be key in our time together... attention. I want to encourage you that whenever you're engaging with Limitless Festival online you separate yourself from any other distractions. Close down all your apps, turn off all your notifications, close down all secondary screens, and give God your full focus.

Where ever you are, whether watching in a small group, with your family, or even on your own; God is faithful to his promises... when we draw near to him, he draws near to us.

What could God do?
The possibilities are still Limitless.

With much love,

Tim Alford
National Director of LIMITLESS

LIVE SEMINARS

SATURDAY 8th AUGUST // 1:00 - 5:30pm

Life with God - Jamie Price // 1:00 - 1:45pm

How do I spend time with God on my own?
What does it look like to have a rich personal relationship with God?

Jamie Price is part of the Limitless Directional Team and leads the Limitless Pioneers ministry, which helps churches with no young people start brand new youth ministries. He lives in Birmingham with his wife Debs and son Jude, and in his spare time loves to run and read.

Life Online - Joel Harris // 2:15 - 3:00pm

How do I manage my online world as a Christian, and how should my approach be different to my friends?

Joel spent most of his teenage years growing an online following through YouTube & instagram becoming a social media influencer and travelling the country presenting shows. Despite such success he struggled with his identity, and the subtle trap of seeking worth through likes and followers. Today he works for Kintsugi Hope looking after the youth side of the charity. Kintsugi Hope seeks to create a world where mental and emotional health is understood and accepted, helping to establish safe and supportive communities for everyone to grow and flourish.

Life of Peace - Abz Adekeye // 3:30 - 4:15pm

What rhythms should I build into my life to ensure mental wellbeing?

Abz Adekeye is the Youth Pastor at Encounter Church in Birmingham, as well as a CBT Psychotherapist working with 11-25s at the Priory Wellbeing Centre. Passionate about all things youth and wellness, she loves exploring the relationship between faith and mental health.

Life at Uni - Katherine O'Shea // 4:45 - 5:30pm

My final school year got cut short and I'm not sure I'm ready to go to University. So how do I prepare and how do I thrive in my faith at Uni?

Katherine is the London team leader for Fusion and is the student worker at New Community Church in Sidcup... some would say this is in Kent others would argue it's south east London. No matter where it is, she loves living in Sidcup and hanging out with all the actors, dancers, and circus performers who study there.
