

*Is your church
reaching
young people?*

**TOGETHER WE CAN
START A NEW YOUTH MINISTRY
BUILD A STRONGER FUTURE**

LIMITLESS has a vision

to pioneer 100 new youth ministries, through churches not currently reaching young people, by the end of 2027.

LIMITLESS is committed to **inspiring dynamic youth ministry** through the local church, and to **helping churches not currently reaching young people**, reach them! This is why LIMITLESS Pioneers was established.

WHY YOUTH MINISTRY?

A survey of 11,700 churches discovered that **nearly half (48%) have fewer than 5 under 16 year olds...**

According to research, **72% of Christians come to faith before the age of 20.** The stats are clear. **It is harder to reach people after the age of 20!** That's why we believe that **EVERY Elim Church** needs a **thriving, relevant youth ministry** engaging young people in their church.

“We are so grateful for all the help, experience and energy that the LIMITLESS team has provided in order to get our youth group started. We couldn't do it without you!”

— Hannah Briddon, Youth leader at Ludlow Elim

OBJECTIVES

We aim to achieve three things in working with your church:

- Establish an active youth outreach into your community
- Train up a local team of youth work volunteers
- Leave the church with a welcoming and friendly church culture for young people

“

“The impact of LIMITLESS Pioneers has been beyond measure for our church. Not only have we seen a youth group develop, mid-week and Sundays, but we have seen young people get a passion for Jesus and reaching their community. LIMITLESS Pioneers has been one of the most beneficial things we have done for the youth and the wider church.”

— John Martin, Pastor at Stratford Elim

HOW DOES IT WORK?

We send an **experienced team leader** into your church, to work alongside your **local church volunteers**. They will help make **community connections, work alongside local schools and work with and train the volunteer youth team**. All this to help establish an **evangelistic work to young people** in the local community.

LIMITLESS will **tailor the youth outreach to the vision of your church and needs of your community**. We will actively partner with your church for **UP TO an academic year**.

LIMITLESS has a proven track record of working with churches in many different contexts to help establish youth ministry.

We would **LOVE** to partner with your church in reaching the next generation.

“

"Our central LIMITLESS team have been invaluable in listening to our local church needs and vision, and then helping us to begin a youth work in line with that, rather than bringing any agenda. For us that meant working across denominational boundaries with the aim of building passionate followers of Jesus, that will evolve into an influential and evangelistic group of young people who make a difference."

Alan Osbourne, Pastor at Broadstairs Elim
