# Elim Cambodia

## Greetings from Dren

Hello,

Thank you for your support and love for Elim Cambodia.

It has been a busy month here and God has moved in great ways. One young man has given his life to Jesus and some young people have been baptized. Even in all the uncertainties and difficulties, God is at work in people's lives.

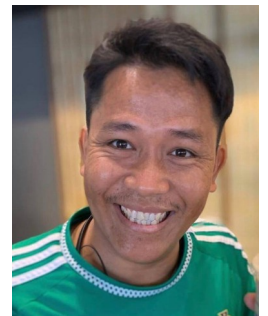

We praise God for all He is doing.

God Bless you,

Dren

*"For the Lord is a great God, and a great King above all gods."*

Psalm 95 v 3

Dren  
Church elder and key  
member of the  
Church Planting  
team

### Prayer Points

- The 4 young men who have moved into a house near to Elim Church.
- Please pray for the new strategy that is being put together for the church planting work. Pray for God's direction in this.
- Pray for the young people who recently got baptized. For the follow up of this time and for each of them to grow in their relationship with Jesus Christ.

## Phnom Penh City Church

Our ladies conference online was a success. All of our team worked so hard to produce this conference and we were thankful for the encouragement we received.

Last month 4 young men moved into accommodation in Phnom Penh with the help of Elim church. They are being mentored by the church and our prayer is that they will each come to know Jesus. Last week during the Khmer New Year holiday that

was postponed from April this year, some people from the church went to Kep. Three of these young men went also and one of them gave his life to Jesus during this time. Praise God!

Please keep praying for the other boys and for this young man that he will grow strong in his faith and walk with God.

On a separate trip 7 young people that are closely connected to Elim church went to Kep. On this trip they had fellowship and lots of fun and they also

learnt more about God. 7 young people decided to get baptized during this trip. It was such a special time for everyone involved.

Young people getting baptised

## Be Free Cambodia and The Early Learning Centre

*New Face masks*

### *Be Free*

Unfortunately the girl we reported last month, who was due to start in Be Free is no longer able to.

We have had a few more connections with different organizations and we trust that in God's perfect timing we will have more girls joining the programme.

The 2 girls currently in the programme are doing well and continue to work and study English and learn more of the bible.

They have been busy this month making beautiful face masks for the staff at Elim.

### *Early Learning Centre*

The children have all had a good first month back at the ELC.

It is good to see them learning again and to hear their singing and game playing as you pass by their learning rooms.

The staff continue to do all they can to help improve the education of the children. The leader of the Preschool room, Chantry, has been learning how to search the internet to

find homework and resources to aid the children's learning. It is encouraging to see her enthusiasm and how she cares so much about the children's learning.

## Church Planting News

### *"One Village One Church"*

This past month the church was gifted more money to help those in need during this time.

One of our elders raised money as he completed a running challenge in the memory of his uncle who sadly passed away earlier this year due to Covid-19.

Because of these generous donations the Church Planting team were able to provide more food packages for people in Cambodia.

Pastor Chamnap is still planning how he can continue the Church Planting course that was started last year with different pastors from around Cambodia. So far 9 provinces in Cambodia have been reached by this vision, 'One Village, One Church'.

We pray that over the next few years all of the provinces in Cambodia will be impacted by this. Please pray for the training that still needs to take place and the difficulties of this because of the restrictions with Covid-19.

*Food packages ready to go*

## English Classes

*Young People in Kep*

Last month a trip was organized to go to Kep a seaside province about 4 hours away from the city. Some young people from the church were going and one of the community English students also went. This was an amazing answer to prayer. This young boy spent a few days having fun and fellowship with the other young people and

and worship. Please pray for him and for the impact that this time will have had on him.

Please keep praying for the other students.

We are still unable to meet in person to study but continue to learn online via Zoom.
